I would not like hawkers approaching my house or person unless they had a license, which would help ensure my and the community's safety.

I like hawkers being able to operate with permission. Keep allowing it with some sort of obtainable permission

Dont think there have been any problems so flag the problem. If there are complaints they should be to the Police who should be able to simply enquire into the problem, issue a warming and compliance note and in the event of further complaints issue a cease and desist note for a time frame (e.g. 90 days) and a penalty if that is breached.

Fraud is rising, especially with digital transactions. Keep the bylaw.
Contribution 4 of 8 | 15 November 2023

Seems out of date and unnecessary.
Contribution 3 of 8 | 13 November 2023

Seems an unneeded regulation.
Contribution 2 of 8 | 13 November 2023

Should be no hawkers
